The easy way to manage content

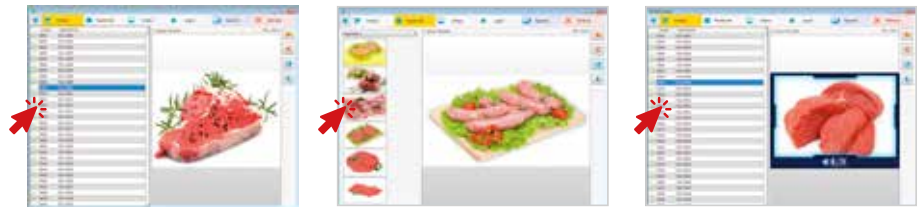

IMAGE CONVERTER

PC application that simplifies and speeds up item programming:

- ✓ Downloads from the internet and automatically converts the images related to the desired product, avoiding expensive research and optimising graphics
- ✓ Lets you customise each image with an advertising pattern and your own logo
- ✓ Lets you create commercials and advertising slides for customers and show them on the colour display of the scales

3 SIMPLE CLICKS
TO CUSTOMISE
IMAGES

- 1 Choose the product you want to edit
- 2 Match the new image
- 3 Add your logo and send the image to the scales online

DIGITAL SIGNAGE & NO-QUEUE SYSTEM

- ✓ Effective advertising system synchronised with the scales, integrates the no-queue feature with a voice call
- ✓ The configuration of advertising content is simple and immediate, directly from a PC
